## ***“The Business Men”***

Countless covers, a vast library of original songs and an impressive stage performance.

## **“Neon Fields”**

Passionate about Rock and even more dedicated to revolutionising it.

## **“Leah Wilcox”**

Despite just starting out, she's already releasing singles. This solo artist is at the beginning of their bright career!

## **“The Boquéts”**

This new band is based in the west midlands, but their music has already spread far beyond their hometown with their Instagram reaching over 1,000 active fans!

Artic monkeys probably had the same range in 2005...

## **“Cruelty”**

They've been around a while, but they're still pushing out new originals!
